Dear Sir or Madam:

We are proud of our relationship with the many suppliers and subcontractors who work with Engility Corporation. We value your goodwill, and ability to supply us with quality materials, supplies and services at fair prices. We are committed to maintaining the highest level of integrity in dealings with our suppliers and subcontractors in order to provide the best service we can to our customers.

We ask for your assistance in ensuring that all of our employees continue to live up to the high standards of integrity that we set at Engility Corporation. If you have information that one of our employees is engaged in any improper or illegal activity, we ask that you report that conduct immediately to me as Engility's Corporate Ethics Officer ([cristina.potter@engilitycorp.com](mailto:cristina.potter@engilitycorp.com) / 703-984-6131) or our General Counsel-- Thomas Miiller ([tom.miiller@engilitycorp.com](mailto:tom.miiller@engilitycorp.com) / 703-984-6104).

Engility Corporation maintains an ethics helpline (855-364-2633) as well as an ethics website ([www.engilitycares.com](http://www.engilitycares.com)) to provide employees, suppliers and subcontractors the ability to provide us with any information about any possible improper or illegal activity as well as to ask questions concerning our standards of ethics and business conduct. Any calls or reports made via the ethics contact sites are held in the strictest confidence and callers need not identify themselves. We ask that you convey this information to your officers and employees who are assigned to support us. For further details regarding Engility's commitment to its ethics and values, we invite you to visit the ethics page on our website (<http://www.engilitycorp.com/about-us/ethics/>) which includes, among other things, Engility's Code of Ethics and its Supplier Expectations.

Thank you for your commitment in supporting Engility with its Code of Ethics and Business Conduct Program. As a trusted teammate, we expect that within your own organization you are promoting the same level of integrity and commitment to ethics.

Regards—

Cristina M. Potter  
Corporate Ethics Officer and  
Director of Corporate Ethics Program
